Detailed Action

Response to Amendment

1. Applicant's remarks/arguments filed on 12/13/2005 regarding claims 1, 4-8, 11-14, 17-19 have been fully considered. Claims 2-3, 9-10, 15-16, 20-22 have been canceled by applicant and claims 1, 4-8, 11-14, 17-19 are currently pending.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with applicant's attorney Ms. Sharmini Green on 4/13/2006.

The application has been amended as follows:

Claim 9 is canceled.

Claim 12, line 2, "The method of claim 9" is amended to "The method of claim 8."

Claim 13, line 2, "The method of claim 9" is amended to "The method of claim 8."

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The present application relates to providing a method for streaming multimedia data packets, including the unique functions of:

“flushing those queued time stamped transmissible data packets from a transport layer, link layer, and a media access (MAC) layer of a data handling protocol stack after a predetermined time if all transmissible data packets for the same coding unit are not transmitted within that predetermined time.”

The closest prior art, Oz et al. (WO/0072601), discloses a method for streaming multimedia packets from a transmitter to a receiver by encoding, queuing, packetizing and time-stamping the packets. However, Oz fails to anticipate or render obvious the above quoted limitations of the present application. This renders the claims allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
